The principle focus of the Wisdom Texts is the cultivation of understanding, peace, harmony, selfless service, self-control, Inner fulfillment and spiritual realization. When these factors are cultivated in human life, the virtuous qualities in a human being begin to manifest and sinfulness, ignorance and negativity diminish until a person is able to enter into higher consciousness, the coveted goal of all civilizations. It is this virtuous mode of life which opens the door to self-discovery and spiritual enlightenment. Therefore, the Wisdom Texts are important scriptures on the subject of human nature, spiritual psychology and mystical philosophy. The teachings presented in the Wisdom Texts form the foundation of religion as well as the guidelines for conducting the affairs of every area of social interaction including commerce, education, the army, marriage, and especially the legal system. These texts were sources for the famous 42 Precepts of Maat of the Pert M Heru (Book of the Dead), essential regulations of good conduct to develop virtue and purity in order to attain higher consciousness and immortality after death.
