By Victor C Myers

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Essentials of Pathological Chemistry Including Description of the Chemical Methods, Employed in Medical Diagnosis The individual chapters of this volume are reprinted from the Post-Graduate, in which they have appeared at intervals during the past year. They have been designed primarily as a guide for the classes in Elementary Pathological Chemistry in this laboratory, although the tests described are likewise employed in the examination of the routine hospital specimens. The various chapters have been written with the idea that an adequate appreciation of normal physiological functions, is a necessary prerequisite to an intelligent conception of pathological chemical processes, especially since the latter may be regarded as deviations from the normal. It will be observed that many of our diagnostic tests have for their purpose the detection of an inability on the part of the body to complete or properly carry out some of the normal physiological transformations. In harmony with this view, a consideration of the physiology of digestion in Chapters I and II is followed by the abnormal variations frequently encountered, and methods by...
