Evolution and Human Behaviour: Darwinian Perspectives on Human Nature (2nd Revised edition)

By John Cartwright

Palgrave Macmillan. Paperback. Book Condition: new. BRAND NEW, Evolution and Human Behaviour: Darwinian Perspectives on Human Nature (2nd Revised edition), John Cartwright, Evolutionary psychology, with insights from genetics, anthropology and cognitive psychology, illuminates how fundamental aspects of the way humans think, feel and interact derive from reproductive interests and an ultimate need for survival. In this updated and expanded edition, the author considers the emergence of Homo sapiens as a species and looks at contemporary issues, such as familial relationships and conflict and cooperation, in light of key theoretical principles. The book covers basic concepts including natural and sexual selection, life history theory and the fundamentals of genetics. New material will be found in chapters on emotion, culture, incest avoidance, ethics and cognition, and a whole section devoted to the evolutionary analysis of mental disorders. This comprehensive textbook will be of great value to students of psychology, human biology and physical and cultural anthropology.

Reviews

Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.

-- **Marvin Okuneva**

Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
