The Gray Curtain: The Impact of Seals, Sharks, and Commercial Fishing on the Northeast Coast

By Peter Trull

Schiffer Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, The Gray Curtain: The Impact of Seals, Sharks, and Commercial Fishing on the Northeast Coast, Peter Trull, Discover, through informative text and 120 vivid images, the interrelationships between commercial fishing, expanding gray seal populations, and great white sharks along the beaches of Cape Cod and the northeast coast. This aGray Curtaina has come about as a result of geologic and environmental changes, as well as animal migrations and population increases that have impacted the area. There are great transformations taking place in the region, and both fishermen and scientists have played a role in these dynamic coastal changes, though they don't always agree on why the changes have occurred. In the minds of many commercial fishermen, the return of the now-protected gray seal has played a major part, causing a new charismatic, apex predator to enter the picture: the Great White Shark. This enlightening and colorful book brings together the main factors that have created the phenomenon of The Gray Curtain.
